

# IMPROVE YOUR LANDSCAPING WITH A MODERN — VINYL — ARBOUR KIT

The DFS Arbour will provide that final touch to any front, back yard or garden. Built for the harsh Canadian winters and warm summers, the arbour is low maintenance and made from weather-resistant vinyl.

Wood products get battered by the elements, warp, crack or rot and with paint that peels and fades. Vinyl means there is no need to paint or stain the arbour and it will always look as good in ten years as the day you bought it. Simply spray it down once a year with a garden hose to keep it in tip top shape. Not only that, the DFS Arbour is made from virgin vinyl with special additives to resist yellowing or fading.

Sold in a boxed kit, the DFS Arbour comes with instructions and online videos to make putting it together easy and with minimal tools required. Improve your home and yard curb appeal with a DFS Arbour that you can enjoy for a lifetime.

# THE DFS VINYL **ARBOUR KIT**

IS VIRTUALLY MAINTENANCE FREE

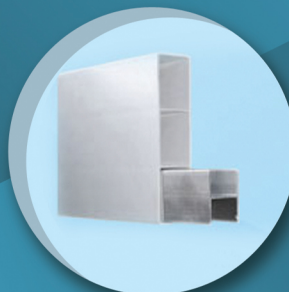

No more installing a wooden arbour to have to paint every couple of years. Enjoy a gorgeous DFS Vinyl Arbour and never have to worry about cracking, rotting wood with peeling paint!

The DFS Vinyl Arbour has an interior width of four feet, allowing it to fit comfortably over most standard walkways. Each corner is sunk 24" into the ground for stability and strength.
